Mr. Swanson, a lawyer, partner of Joel C. Carlson, former assistant state's attorney, with an office at 5926 S. Halsted St. He is a graduate of the public schools and John Marshall Law School, admitted to the bar in 1917. His home is at 512 W. 57th Pl. Northwest Englewood News

The stockholders of the West Englewood Co-operative Society met last Friday to elect their officers and adopt rules and by-laws. If the attendance and the interest displayed at this meeting is a criterion, this project is bound to be a success, and it further proves that the people in our community are in earnest in their efforts to reduce the high cost of living, through the means of co-operation, the only means available for the working classes. The chairman reported that there had been paid in up to April 1st over $1,500, of which more than $200 had been received during last week. He further reported that he had been unable to prepare a complete statement, but from records available it appeared that about two hundred members had been enrolled, each subscribing from one to five shares, payments on which, however, were not all due, as the subscriber had thirty days to pay for his stock. Bringing the average down to the lowest estimate, two shares per member, there will be paid in $4,000, which is more than enough to start the store, as it was decided to begin as soon as $2,500 is available.

The following officers were elected: Walter Brooker, president; L. S. Morris, vice president; Peter Kramer, secretary; Ira A. Daughters, treasurer; board of directors, E. P. Michael, T. J. Michell, Wm. A. Valentine, L. Kuehn, Mrs. A. Taylor, A. C. Bell, J. A. Huntington, W. C. Morris and F. C. McDonald; educational committee, Wm Krueger, J. A. Porter and Mrs. Jos. Kramer.

During the meeting Mr. Ryberger, the president of the Roseland Co-operative Society, related their experiences in organizing and operating their store. He stated that they started with a capital of $1,500, but after they started to fix up the store money came in much faster, so that on the day they threw open their doors, more than $3,000 had been paid in. Their sales the first year amounted to around $105,000, which showed a net profit of $2,800. The next year, however, the sales climbed to $150,000, with a net profit of about $7,000, which you will note brings up the percentage almost double of what it was the first year. The profits returned to their members the first year was $1,300, while in the second year it amounted to $2,500. Their average sales on a Saturday now amounts to about $1,500. They have 591 members and their last inventory revealed assets of around $11,000. He further stated that they had recently opened a restaurant, catering to working people, the gross income of which is about $50 a day. They are also about ready to open another store.

The officers urgently request that all subscribers pay for their stock at the very earliest possible moment, so that the store may be opened without further delay. They also invite all the people in the neighborhood and especially those who are interested in co-operation to join the movement now and get in on the ground floor. The next meeting will be Friday night, April 9th, at 59th and Lincoln Sts.

Honore Manor scored another distinction recently. Two Honore Manorites, Mrs. Hayes and Mrs. Cunningham, are now hobnobbing with royalty. At a recent meeting they were presented personally to President DeValera of the Irish Republic.

Did you see in the papers where Anastasia with three other detective sergeants tied for second place in efficiency last month? The four of them had 200 points each, while those on the list beat them by only 28 points.

Steady Hitters

It's the fellow who goes to bat and hits every time that wins the games—not the bird who knocks a homer once during the season and then fans the rest of the time.

"The regular contribution, that little hit every day, is what builds success," President Grace of the Bethlehem Steel Corporation declares that the kind of men he has in his organization are "the steady, every-day hitters."

A truly remarkable story of growth from a tiny beginning, more wondrous than the enlarging of an acorn into a mighty oak, is found in the brief history of the Marquette Ladies' Shop, 6451 S. Ashland Ave.

One year ago Mrs. E. Cronin started to make aprons for some of her neighbors as a means of occupying part of her time. She had always been very handy with the needle and even as a little girl spent much of her spare time in fashioning dainty garments and bits of fancy work in a truly remarkable style for one so young.

Into the neighbors' aprons she put care, time and the best of materials and orders increased with great rapidity. Then, too, she was very accommodating and made a host of friends through the work.

So delighted were her patrons with her aprons and the unusual service given them that they prevailed upon Mrs. Cronin to take on other lines of women's wear and open a shop. One year ago this week she opened the shop. Since that time she has enlarged her store three times and now carries a complete line of waists, hosiery, corsets, gloves, her own make of aprons, etc. Several sales people are employed and each one is imbued with the spirit of personal service to the patron the same spirit which made possible the success of Mrs. Cronin.

This week the Marquette Ladies' Shop is celebrating its first anniversary and is looking forward to a future of as rapid a growth as it has had during the last year.

Look for our anniversary sale in this paper.

Mary had a little limb,
Its hose was white as snow,

Particular was Mary about her person.
She wouldn't think of covering her little limb
With any hose but "Burson."

GET ACQUAINTED MEETING

That's just what we had yesterday. A bunch of loyal good fellows came up to the business luncheon and in the absence of our worthy president, Mr. Frank McGarr, Jr., Dr. F. G. Moore presided and after the regular forms of business had been attended to and the publicity committee on post and sidewalk signs had been ordered to proceed with their good work, Dr. Moore called on every man present to arise one at a time, introduce himself to his associates, as to his business, so that everybody would know each other and become better acquainted with each other. Rev. De Lacey, J. De Koker, John S. Remer, Mr. Zimmerman, Jack Gertz, Mr. Nink, Henry Bergen and others made brief but effective remarks for the good of the association, which was greatly enjoyed.

Dr. Moore then introduced "West Englewood's best booster," Mr. Joseph Flaherty, the one man in West Englewood who commands the respect of every man, woman and child in this entire vicinity and who has a world full of good loyal friends that believe in him. Joe made us one of the best speeches in behalf of the association we have ever heard, and all those that were absent missed a real treat. The association is growing nicely, improving each meeting; you'll miss a real good time if you are not at the next meeting, next Tuesday, April 13th.

Come Bring a Friend or Your Neighbor---Talk Association

Acres of Diamonds

Report of Talk by Prof. Keeler, Principal of the Lindblom High School

Elmer Jordan, Editor

There was a well-to-do Arabian who was visited by a preacher, who, in the course of a conversation, mentioned that if the Arabian possessed just a few diamonds that he would be very wealthy. This Arabian after inquiring where such precious stones could be found, left his comfortable home, his loving wife and beautiful daughter and set forth to search the world for diamonds. He never found them. When he returned to his former farm, he found that his wife had remarried, his daughter had married a rascal, and his farm was in the hands of another man, who, while plowing in the field one day, discovered some stones, which were found to be diamonds.

There was a man who owned a small farm of fifteen acres in Pennsylvania. A friend of his in Ohio urged him to sell his place and come to Ohio and buy land there in the oil well country and he might thus make a fortune. He sold his homestead for $833 and went to Ohio to discover oil wells. The farmer who purchased his place, while trying to keep the water back of the barn clear and free from a peculiar scum, discovered that the scum was oil and he became very wealthy.

There was a student in Yale who had studied minerals. He became a mining engineer. His mother and he owned a small place of 7 acres not farm from Yale. They sold it in order to travel and discover minerals. The man who purchased same, while going through the garden gate, which was of stone, knocked off a piece, which he, because of its peculiar brightness, had examined by an expert, and the result was the discovery of a valuable mineral.

Mr. Keeler also related a story about hats, and one about buttons, which we will probably tell you later. These illustrations show that when a man takes care of what he has, he will discover acres of diamonds.

Next week we will tell you of the ambitions of Mr. Keeler for our great Lindblom High School.

Does She, Bill?

Mr. Bill Fleming: Does she desire some new rugs and a parlor suite?

Harry Welbasky says his Stevenson but water plant is the best ever.

Brenden Michael O'Connell: Do you want a million on deposit in the Marquette Park State Bank? Say yes.

Mr. Moran, the Dry Goods Man: Do you want the ladies to visit you? I'll say you do.

George Sloan—is he coming up in the world? The business men of West Englewood will tell the world—yes.

What's the matter with John S. Reiner? He's all right.

Did you notice the picture last week of J. C. Sharp, ye editor in chief? He looks real dignified. He takes things seriously in the picture, but in real life J. C. is just one jolly good fellow. By the way, how does that Oldsmobile work, J. C.?

Does Jack DeKoker know what is real service? Just ask him to rush some coal over and you will see that he knows what that word means from A to Z.

Bazook Booster

It does us all good to see real merchandising, such as we now note in such stores as Ballins, Jensens, Morans, United Shoe Market Co., Sherrys, Straus, Lagoni's, and the White Co.

Did you notice the Southwest Coal Co.'s new ad?

The Sycamore Coffee Store held a big Easter sale. It was a bargain sale, too.

If you want to visit a real merchant go and see Lagoni and his store. It is a two-story affair. Large, high ceilings and plate glass windows. He carries one of the finest hardware stocks in Chicago. Visit him often.

For real genuine bargains in dry goods J. F. Jensen & Co. have them. They have a variety. See them today.

A new advertiser is Mr. Cutofsky, 1717 W. 63rd St. We hope to see him regularly in our columns.

What is the matter with Charlie Thompson, the dashing haberdasher? We want to see him in our columns each week. It pays to advertise. Sign a contract.

Elmer Jordan & Co. sold $260,000 in March, 1920, which is three times their business of March, 1919.

Frank S. Zimmerman, successor to Luce, is now permanently located at 1848 W. 63rd St. and has brought his family, Mrs. Zimmerman; his son, Clarence, and daughter, Helen, to reside in West Englewood. Mr. Zimmerman came from Rock City, Ill., where for fifteen years he conducted the largest undertaking business in Stephenson county, carrying a large stock of goods at Dakota, Ill., and covering such towns as Davis, Ridott, Dakota, Rock City and Freeport. He recently purchased the property and business of Luce, who for many years conducted a thriving undertaking business in West Englewood. The property has been entirely remodeled, including an elegant chapel. The Zimmermans come highly recommended and the entire family are members of the Thoburn Methodist church. Mr. Zimmerman is a member of Ogden Park Masonic lodge, Normal lodge I. O. O. F. and Englewood K. of P. The son, Clarence, is a member of the Atlas club.

On next Lord's day morning more than fifty new members will take communion in the Ashland Christian church, corner 62nd and Laflin. The revival now being conducted in this church by Evangelist Lowell C. McPherson, of New York, is growing in interest and power. Those who have not yet attended these meetings are missing a great inspiration. Baptisms each evening. Pastor J. M. Rudy is greatly encouraged. The sermon subject on Sunday night will be "What Must I Do to Be Saved?"

'Twas the night before payday
And all through my jeans
I was searching in vain
For the price of some beans.
But nothing was doing,
The milled edge had quit;
Not a penny was stirring,
Not even a jit.
Backward, turn backward,
O time in your flight!
Make it tomorrow,
Just for tonight.

New Theater, Hotel and Office Building

Residents of Woodlawn during the World's Fair days will recall the Coliseum on 63rd St. and Harper Ave., made memorable by the Buffalo Bill shows, and especially as the place where W. J. Bryan was nominated for president at the Democratic convention, after he had made his famous "cross of gold" speech. This building was very substantially built, piers of cement extending down about 18 feet were used to support the foundation, and it is predicted that the present owner of the site will have considerable difficulty in blasting them out.

For he proposes to build a $2,500,000 hotel, theatre and office building on the lot which faces 300 feet on 63rd St., and 400 feet on Harper Ave., and 450 feet on Blackstone Ave. He is Edward Browarsky, and he purchased the lot last week from the Lehman estate at a reported price of $170,000.

The theatre will have a seating capacity of 3,500, the hotel will contain 500 rooms, and on 63rd St. there is to be a 3-story building containing 12 stores, a dance hall, 15 offices and 40 kitchenette apartments. Work is to start within thirty days.

Farewell Party

Francis E. Willard Council No. 1516 of the American Insurance Union gave a farewell party for Mrs. Anna Mathis at Boysen's Hall, 63rd and Justine Sts., Thursday, April 1st, 1920. Mrs. Mathis and family are going to Wisconsin. A very pleasant evening was spent and the Council presented Sister Mathis with a traveling bag and Sister Eleanore Thomson read the following jingle:

Dear Anna Mathis,
Sister of ours,
We present you with this traveling bag,
But don't take a trip to Mars,
In appreciation of your work,
For you have never tried to shirk,
You have always been steady,
And with hands ever ready.
We are sorry to see you leave,
But we didn't come here to grieve,
For we expect to see you back,
And your hat out there on the rack.
Now wouldn't it be nice if Odom,
Starke, Phillips, Burton and Yates
Could jump into Vaude Gardes car
And ride to Wisconsin state?
Sister Kilroy's car would look well,
With Sisters Binden, Kagerman, Simmons, Decker and Bell,
While Sister Thomsen in her car
Could treat Lorance Montgomery, Fox, Ada and Leach.
I'm sure Sister Mitchell's car
Would stop with the trouble,
For with her would ride Sisters
Ogren, Gimble, Skillman, Boyles and Trumble.
Now Sister Mathis
On the Fourth of July
Please have the coffee pot on,
For we'll come on a fly
To take you back,
For we must see your hat
Out there on the rack.

BUY YOUR COAL of Reiner Coal Co., 1804 W. 59th St.

Dear Sir:

At the request of many Democrats from all parts of the ward, who are dissatisfied with the present management of our party, I have become a candidate for Ward Committeeman at the election on April 13, 1920.

The future welfare of the Democratic party in this city depends upon the selection of committeemen who will work for the success of the party and not for the benefit of the bosses. I am not a candidate for election at the request of any boss or organization; my candidacy was prompted by Democrats of this ward who believe that my election will be for the best interests of the Democratic party.

I served six years in the city council as an alderman from the 31st Ward and my record shows that I have always been an advocate of personal liberty and justice. I believe in the freedom of small nations, personal liberty and that all Democrats should have a voice in the government of their party. I will use the office of ward committeeman for the election of men to office who will advance and put into operation the right of all people to determine the form of government they should live under, here as well as in European countries.

If you believe in freedom of small nations, personal liberty, and that you should have a voice in the government of your party, I solicit your vote and the promotion of my candidacy among your friends.

Yours very truly,
H. P. BERGEN.

Benefit Dance and Bunco Party

Let's go—where?—to the benefit dance and bunco party given for building fund Glasdrummon church, County Armagh, Ireland, at Prospect Hall, 64th St. and Ashland Ave., Saturday evening, April 10th. There will be card games, euchre, forty-five and bunco. Up-to-date dances; two bands. Also Irish jigs and reels. Prizes will be given. Entree 8 p. m. Tickets 50 cents.

Mrs. Dan Congreve and Miss Graham left last Wednesday for a week's visit with Mrs. Graham of Detroit, Mich., who is Mrs. Congreve's sister.

Judge Sabath made a very interesting talk to the men and women's class Easter Sunday at Ogden Park Masonic Hall, 6319 Ashland Ave. A very large crowd was present in spite of the inclement weather.

An emergency meeting of Ogden Park Lodge was held in the chapel of F. S. Zimmerman, at 1848 W. 63rd St., on Friday evening, March 19th, 1920, at 8:30 p. m., over the remains of our late brother, John Roy Hance. Worshipful Brother Harold Fay officiated with the assistance of over fifty brethren and regular Masonic services were rendered. Brother John Roy Hance was born at Dover, N. J., June 6, 1881, and died at Chicago, Ill., on March 18, 1920, age 38 years, nine months and twelve days, death being caused by an abscess on the brain. He leaves sorrowing his wife, Elizabeth, and one son, James, age four and one-half years. The remains were shipped to Dover, N. J., for interment.

Mrs. L. D. Hennick and daughter, Evelyn, of Joliet, Ill., were the guests of Mr. and Mrs. J. C. Sharp, 6349 Stewart Ave., the past week. Mr. Hennick, who has been in the Government mail service on the Santa Fe route, traveling between here and Kansas City, Mo., the past fifteen years, recently had the "flu" and his health was poorly. He left for a thirty day trip through California, going direct to Los Angeles, where he has two brothers living. The climate was so mild and nice and Mr. Hennick was offered a steady position in the Los Angeles postoffice that he accepted it immediately and just as soon as school is out his family will ship their household effects and make Pasadena, Cal., their future home, which is only a short distance from Los Angeles.

Mr. William Talcott and family, former owner and editor of the Englewood Economist, returned home last week from a two years' stay in Paris, where Mr. Talcott was assigned two years ago to manage the Paris Daily Tribune. Their many Englewood friends welcome them home again.

Double Wedding Makes Buddy His Father-in-Law

The relationship of two soldiers at Fort McHenry was strangely changed from that of "buddy" to father-in-law by a double wedding in which they married a widow and her daughter.

The double wedding occurred when Harrison O. Lamb was married to Mrs. Ida C. Phoebus and George A. Reams married her daughter, Miss Mary M. Phoebus.

The soldiers were boyhood friends in St. Joseph, Mo., and met by chance at Fort McHenry. They met the widow and her daughter at a dance Valentine's day.

The Man of the Hour

Mr. James Rea, Republican candidate for ward committeeman of the Thirty-second ward, is the mayor's choice in the coming election April 13, 1920, because he is a man who does things. As an orator he is of few words, but the record of his deeds would fill a volume of the tenth magnitude.

He is a staunch Republican and a leader among his fellowmen. His sincerity of purpose and genial personality have won him a reputation not only among the people of his own ward, but throughout the entire city. Even the various departments of the state have felt the influence of his strong leadership in the public offices which he has already occupied.

As alderman in the city council for several terms he represented the people of the 32nd ward in a manner that has proven beyond a doubt that he is a "Friend of the People." The poor as well as the rich, Jew or Gentile, Catholic and Protestant, Democrat or Republican, know that they can always come to Mr. Rea for advice and counsel or to ask a favor. He receives everyone as a friend, and, like the true American that he is, has sacrificed both time and money in order to administer to the best interests of his ward.

Rea is genuinely honest and his integrity has never been questioned. He is married and lives at 1218 64th St.

Both he and his good wife have always been greatly interested in the charitable and philanthropic institutions of the ward and have given liberally of their means toward the support of these institutions. Having lived in the ward for twenty-seven years he is thoroughly conversant with the needs of the ward and its people and as ward committeeman stands ready to serve both to the very best of his ability.

The 32nd ward has been unfortunate in the past years in being constantly at the mercy of a factional fight between two opposing political forces, with the result that the ward has been sadly neglected and has not received its proportionate share of the city improvements. Mr. Rea has kept away from this factionalism, and is the logical man who can unite these forces for the good of the ward. Throughout his career he has adhered to the policy which he adopted when he first aspired to public office—"The American people. First, Last and All the Time." He is strongly opposed to any interest which tends to trample upon the rights of Chicago's citizens and has supported the mayor in all of his plans to make Chicago the largest and the greatest city in the world.

He did not seek a public office as a means to accumulate wealth; neither has he ever used his political influence toward this end. He is and has been for the past sixteen years interested in a substantial real estate business with offices located at 712 63rd St. When he received the appointment of purchasing agent for the city of Chicago, Nov. 18, 1918, he turned over the work of his private affairs to his able assistants in order to attend to the duties of his public position. Each day from 9 until 5 you will find him at his desk in the city hall or in and about the several apartments of the building taking care of the prerogatives of his office.

He never shirks his responsibility. He is a worker and never seems to tire of serving his friends at any hour of the day or night. Because of this, and his strong characteristics as a man, he is desired by our mayor, William Hale Thompson, as one of the leaders of our great and growing city. Because he stands for progress and the rights of American citizens he holds the key to prosperity of the 32nd ward. Because of his familiarity with municipal affairs, his knowledge of conditions in his ward and his great influence with city, state and national politicians, he is the man whom we should elect as Republican ward committeeman of the 32nd ward April 13, 1920. Polls open from 6 a. m. to 5 p. m. Vote early. In this office of great trust and honor Mr. James Rea will be in a position to cement the activities of any opposing factions and obtain for the 32nd ward and its residents those things which we need in the way of personal attention and improvements to build up this section of our city.

It's a Cold, Hard World

By James Montague in Minneapolis Tribune

Your hair was brown and your eyes were blue,
And, oh! you were fair to see;
But my love was vain, for a girl like you
Was not for a lad like me.
I knew that my dreams were hopeless, dear,
And life loomed dead and dun,
For you were the child of a bank cashier
And I was a plumber's son.

I saw you first when I came to mend
A leak in your kitchen range,
And I felt my fluttering pulse ascend
To a pitch that was new and strange.
I saw you passing my father's shop
In a wonderful new Spring hat;
And I thought my hammering heart would stop,
And it almost did—at that.

But caste is a hard and cruel thing,
And only too well I knew
That the doors of the banker would never swing
To a plumber that came to woo.
I hid my love in my breaking heart,
While my hair grew gray and thin,
And the ways we took led far apart
As I dreamed of what might have been.

And though today I might make you mine—
For single we both remain—
The same impassable social line
Still stretches between us twain.
For all of my moneyed friends would sneer
And whisper, "That isn't done!"
If the child of a common bank cashier
Were to marry a plumber's son.

Loses Job and Sees Son Killed All in One Day

Michael Thomas, 5702 West 64th St., was discharged from his position yesterday, but he concealed the fact from his sons, Peter, 10 years old, and Paul, 7. They asked him to take them downtown to see the loop.

In one of the State St. department stores they entered an elevator. As the elevator started Paul's right arm was caught between the door and the shaft. He was dashed against the side of the cage and killed before the operator, Richard Kavanagh of 1833 Park Ave., could stop it.

The police removed the body to an undertaking establishment at 318 Federal St., and then collected enough to send the father and son home in a taxicab. Kavanagh was summoned to testify at the inquest today.

The Winner For You is Julius A. Johnson

Candidate of the Regular Republican Organization of the Thirty-Second Ward for

Ward Committeeman

WHEN the Republican party in this ward was split three ways, it was hard to predict the winner. But now all Republican elements in the ward that are opposed to the Thompson-Lundin plunderbund are united solidly behind the candidacy of Julius A. Johnson and beyond any shadow of a doubt, this combined better element of the voters and taxpayers of the ward, will, with your help, elect Julius A. Johnson April 13th.

The Position of Ward Committeeman Is a Man's Job

and must be handled by a man who has a mind of his own and who does not take orders or obey every time the "big boss" crooks a finger. He must be a man who has the INTERESTS OF THE PEOPLE AT HEART before the interests of a political machine.

Julius A. Johnson Is Such a Man

The first plank in his platform is honest, efficient, adequate service to the taxpayer.

Something more than a one-track mentality, delivered over to supine political subserviency, is required to qualify for this position. Being "just a good fellow" serves little purpose in lieu of backbone, ability or of any moral standards.

The man fitted for Ward Committeeman must himself stand four-square with the world, and be possessed of fully as much brain as brawn.

A large number of substantial, public-spirited Republican citizens of the Thirty-second Ward, recognizing the present vital emergency affecting the welfare of every taxpayer in the ward, have sought to meet the crisis in the open and have prevailed upon Hon. Julius A. Johnson to become their standard bearer.

He was, for a number of years, President of the Thirty-second Ward Organization. He has had long experience as a successful lawyer and was formerly attorney for the County of Cook, without a breath of criticism against his public record. **He is not only willing to fight for the rights of the people, but has demonstrated his ability to do so.**

His every affiliation has been on the square, and his army of supporters are convinced that they have found **the big man for the big man's job.**

From the moment his candidacy was announced, literally thousands in the ward have enthusiastically rallied to his support—thousands who realize the importance of **individuality, honesty** and **efficiency** and who are disgusted with spoils politics and incompetent, rubber stamp candidates.

Knowing full well what the election of Mr. Johnson will mean to the welfare of themselves and every taxpayer, they earnestly urge every Republican voter to join hands with them in making Mr. Johnson's election certain and overwhelming.

Did you ever realize "What Personal Service" means? A man that spends his money for clothes wants all he can get for his money; he wants Values, Entire Satisfaction and Service. That's exactly what you get when you trade with me. When you enter my shop and want to look at a piece of goods—something a little different than you have seen in other shop windows—you don't have to take the word of some inexperienced clerk that knows absolutely nothing of values or of the quality of goods you are selecting from "My Personal Service" system, which I have made a feature of for the past ten years, has gained many friends and satisfied customers for me in my line.

My new line of spring and summer Suitings and Top Coats are ready for your inspection, and prices are within reach of all.

I can make suits to fit your pocketbook—either cheap or medium priced. I am sure I can save you from $10.00 to $15.00 on each suit, besides getting a custom made suit, instead of the regular hand me down store suit. I am able to convince you of this fact at any time. Come in, look at my woolens and let me prove the fact to you that it pays to trade with me for real values.

Won't you let me serve you?

Englewood Theatre

When a flattering offer was received to go to Europe and appear in a musical comedy that was being written especially for me I looked on the engagement with dread," said Miss Etta Pillard of Stone and Pillard with their own show company appearing at the Englewood Theatre Sunday April 11th for an engagement of one week.

"We had been showing on Broadway for so long in 'The Wizard of Oz' 'Babes in Toyland' 'The Rose of Algeria' and other shows that I looked on a change of scene with avidity so when the offer to go abroad came along I was glad for that reason.

"Then I began to think of the great sacrifice our American soldiers had made in foreign lands and thought of the many times that Mr. Stone and I had entertained them in the cantonments surrounding the metropolis. Many of the boys I knew would not come back. And then I thought would it not be better to stay in America, where we might meet and be able to help some of them?

"While I was thinking of some of these things along came Mr. Levey the Detroit producer offering Mr. Stone and I an engagement on the American burlesque circuit. I explained to Mr. Stone why I did not want to go abroad and he fell in with my idea. Mr. Stone you know was ready to go to the front just at the time the armistice was signed and he really is a soldier at heart and always regretted that he did not get the chance to go with some of the earlier troops.

"The Unknown Voice"

Following on the heels of 'Not Tonight Dearie' which is this week's production at the National Theatre the National Theatre Stock Players will offer for public approval 'The Unknown Voice' a play of startling oddity and one calculated to create something of a discussion among playgoers of this city because of its novelty not only in the construction of its plot but in the abrupt climax which brings the play to a close.

The author in selecting the title 'The Unknown Voice' frankly stamps his work as one of mystery and he succeeds to retain this fascinating quality throughout the three acts of the play never permitting for one moment so much as an inkling to appear of what the outcome will disclose.

In this respect he has woven his plot skilfully and with due regard for the dominant trait possessed by all humans—inquisitiveness. A yearning to pierce the unknown and a craving to determine in advance just what is going to happen.

However in the case of 'The Unknown Voice' it is impossible for anyone to tell just what is going to happen next and least of all what the end will be.

We are thrown into a vortex of conjecturing where we flounder about helplessly and when the climax descends we sink back with a sigh of satisfaction happily not mixed with disappointment because we couldn't foretell what the end would be.

The author introduces us to characters such as we meet in every day life the lover and the villain both successful in their sphere of existence the woman who is married to a man older than herself because of his money and who seeks solace from another. The inevitable train of suspicion and jealousy that crops up under such circumstances culminating in murder and the apprehension of the criminal in an ingenious manner forms the basis upon which this absorbing play is built.

It starts Sunday April 11th with Sunday matinee.

House Heating in Spring Time

SPRING is a vexatious time for house-heating. One day it is hot and the fire is allowed to go out, the next day it is freezing and you have to clean out the dead ashes and start a new fire. Then the weather turns warm again and the house gets over-heated.

The only way to adjust this "see-saw" of Spring temperature and save all the discomfort, annoyance and expense is by having gas ROOM HEATERS. New designs, scientific and satisfactory.

THE THERMOPHORE ROOM HEATER—An ideal heater for General purposes.

HOT SPOT—An approved gas company room heater. Sizes and prices to meet requirements.

ECLIPSE—Handy little portable heaters.

RADIANTFIRE—A very handsome, hygienic grate equipment. Designs to harmonize with all styles of interior decorations.

GAS STEAM RADIATORS—Steam Heat without coal. Every Radiator an individual heating plant. No janitor needed.

There are many other interesting modern designs in "ROOM HEATERS." Look them over at our "Exhibition Hall & Customers Rest Room," Peoples Gas Building, or any of our

Anniversary Sale 1919 1920

Sale Starts Wednesday, April 7th Continuing Until Saturday, April 17th

You remember when we started in business just one year ago this week. This year has made a big change in our store. We have enlarged it in size and extended our line of Ladies' Furnishings to Infants' and Children's Wear.

Our success in the past year has been attributed to carrying the better grade of merchandise at the prices the people can afford to pay and NOT at the prevailing prices of today. Our expenses being very small, enables us to sell at a smaller profit than others.

This being our Anniversary Sale, we have reduced every piece of merchandise in price and will also give a 10 per cent discount on all purchases made this week. This will enable the most thrifty woman to buy her spring and summer needs at prices that will not prevail again for some time.

LEONARD C. REID Republican Candidate for Ward Committeeman of 29th Ward

Leonard C. Reid Is a Sure Winner

Republicans Throughout the Ward are Supporting New Leader—His Election Seems Assured

If public sentiment counts for anything the control of the Republican party in the 29th Ward is going to be taken away from the spoils politicians and placed in the hands of the thinking people of the ward.

One of the hardest fights that the ward has ever seen will be finished on Tuesday, April 13th, 1920, and every indication points to the election of Leonard C. Reid for Republican Ward Committeeman by an overwhelming majority.

The present committeeman has traded the influence of his office for high salaried positions for himself, his brother and other members of his family from which they have received over $50,000 of the tax-payers' money. Republican voters are up in arms and are rallying to the support of Leonard C. Reid.

Leonard C. Reid cast his first vote in the 29th Ward about fourteen years ago and takes pride in the fact that he has never missed voting at an election and that he has always been a staunch Republican.

He formerly lived in the east end of the ward known as West Englewood. When the territory known as Marquette Manor was subdivided he moved to his present residence at 6200 S. Maplewood Ave. and has lived in Marquette Manor since 1912. He is an able lawyer who has always taken an active interest in all local and community affairs. During the recent war, he practically abandoned his law practice and as chairman of the local advisory board devoted his time to those who wished assistance in connection with the Selective Service Act.

Mr. Reid did not seek to become a candidate for Ward Committeeman, but was requested to run by many Republicans throughout the ward who have become thoroughly disgusted with the present committeeman and the political parasites with which he has surrounded himself.

Mr. Reid in his speeches forcibly calls the attention of the voters to the fact that under the present committeeman not a single Republican has been elected to office in the 29th Ward and that the Republican organization did not even name a Republican candidate for alderman on Feb. 24th, 1920. He warns the voters against permitting their votes to be delivered to the present committeeman by his professional political jobholders in the various precincts. Many of these men hold jobs as alley inspectors and investigators and are drawing large salaries from the city, while they spend their time soliciting votes for the present committeeman in their various precincts. They are not interested in the needs of the ward or in the welfare of the Republican party but seek only to carry as many votes in their vest pockets as are necessary to hold their easy jobs.

Mr. Reid stated to a large audience in Chicago Lawn and Marquette Manor the other evening that the ward would be in better shape if we had more "alley cleaners" and not so many "alley inspectors," and added that the hardest work that these men do is to "endorse their name upon their pay checks."

Other wards throughout the city take pride in having ward committeemen who have secured for the Republican party in their wards the election of Republican senators, representatives, aldermen and as many as nine or ten judges, and the voters of the 29th Ward are fortunate to have the opportunity at this time to cast their ballots in favor of Leonard C. Reid and on the side of decency and clean Republican politics.

Leonard C. Reid announces that he has challenged the present committeeman to meet him on the platform and debate the issues of the present campaign on Friday evening, April 9th at Harper school, 65th and Wood Sts., Chicago Ill. A vaudeville entertainment has also been prepared for the evening and a record breaking attendance of Republicans is expected.

One result of this campaign has been that Republican voters have learned the extreme importance of the ward committeeman. The ward committeeman represents the ward on the county central committee, which is given the power under the law to nominate all the judges of the Circuit and Superior courts, name the candidates of the Republican party for all the various county and city offices. He is the recognized leader of and spokesman for the Republican party in his ward and by reason of such influence has great power. The ward committeeman who honestly desires to carry out the wishes of the people who elected him will as a member of the county central committee demand for his ward equal representation with the other wards in the city, but the dishonest and selfish committeeman goes to the county central committee and sells or trades the rights of his people for personal and family political patronage.

Why Marquette Manor?

Elmer Jordan, Editor

When William H. Britigan came to Chicago in 1914 to assume charge of Cobe and McKinnon's subdivisions, this great subdivision had no name. So Mr. Britigan called all the people of the neighborhood together and the realtors and asked for suggestions. Marquette Manor was the name selected. The name was chosen after Marquette Park. When you think of the Manor think of that beautiful park. What a wonderful location, near a large park, near four car lines, near a club house, near a $100,000 golf shelter, near to the pure country air. What a wonderful place to live in and to be associated with.

Marquette Manor

One of the finest residential districts in the city of Chicago is Marquette Manor. Its boundaries are Western to Kedzie Aves., and 59th to 63rd Sts., principally, with additional sections north to 57th St., between Western Ave. and Rockwell St., and south to Marquette Rd., from Western Ave. to Rockwell St.

Chicago has many excellently restricted home sections, and many have the finest locations, but of the numerous subdivisions for ideal home sites, Marquette Manor is the most desirable.

Primarily, it is the largest well restricted subdivision in the city, totaling 190 acres.

Chicago is beginning to realize that to enhance the value of residential property for any period of time, the buildings must be substantially constructed of brick, must be built on a uniform building line, and restricted as to use. Marquette Manor has only brick buildings, a fifteen foot building line, and residential streets can be used for residential purposes solely.

In 1912 there were a half dozen homes in Marquette Manor, and no improvements of any kind. Today all improvements are in and paid for, including street, sidewalk, curb, sewer, water and gas. There are constructed today the following buildings in Marquette Manor, 378 bungalows, 91 residences, 249 2-flats, 2 3-flats, 7 4-flats, 1 10-flat, and 19 business buildings. There are a total of 3,571 lots in this subdivision, of which 2,875 are residence and 696 business. Only 747 buildings have been constructed in Marquette Manor, which leaves about 78 per cent of the property to be built upon.

As great as Marquette Manor is today, it is yet in its infancy, and a very few years in the future will find this subdivision the highest valued and most desired residential property in Chicago, upon which will be built approximately 2,800 brick homes, an aggregation of uniform buildings that can never be constructed in one subdivision any nearer the loop than sixteen miles.

Property values have increased in America ever since 1492. Chicago has had the most remarkable growth of any city in the world. A home owner in Marquette Manor has planted his faith in a substantial subdivision of ever increasing value.

An unparalleled opportunity is offered to the home seeker, the builder, and the business man in Marquette Manor.

Street Lights

Property owners and other parties interested in the progress of Marquette Manor and adjacent territory that lies south of 63rd St., between Rockwell St. and Kedzie Ave., must bestir themselves if they are to receive any improvement in the street lighting system in this vicinity this summer.

A proposition will be placed before the voters on Tuesday, April 13th, in regard to a $15,000,000 bond issue to pay for the rehabilitation of the city's street lighting system, and this district should receive its just share.

Marquette Manor has long been in dire need of better lighted streets, and this opportunity should be seized upon to correct a long felt want. There are some blocks that have not even one light, where there should be eight.

A little co-operation and help from every property owner and renter will bring about an improvement that will beautify our streets, and make our community more attractive and desirable.

Vote "Yes."

Among those present were those in all walks of life, regardless of political affiliation or creed.
